PALMER SCHOOL.

This School was opened on the 18th of January last, in the basement story of the Unitarian church, under the superintendence of Mr. JAMES MCCREDIE. It was founded by the liberality of Col. ALANSON PALMER, for the gratuitous instruction of six

boys and six girls from each ward in the city, together with books and stationary, if their circumstances require the same.

The Trustees of the School are Messrs. Ira A. Blossom, Elijah D. Efner, John B. Macy, James A. Macy, John W. Beals, and Noah P. Sprague.

Application for admission should be made to Messrs. Ira A. Blossom, E. D. Efner, or to the Principal.

Applications for insurance against loss by fire, on property situated within the county of Erie, can be made to the Secretary at the office of the Association, No. 256, Main-street, (up stairs.)

gather with the amount charged on letters mailed here by our own merchants and other business men, &c. makes the amount of business annually, over *One Hundred and Seventy Six Thousand Dollars*; and when it is recollected that the whole sum is made up of small charges, of 1, 1½, 2½, 6, 10, 12½, 18½ and 25 cents, it may easily be imagined that a good deal of labor and industry is required to discharge the duties of the Office.

If an abatement of letter postage be claimed, the letter must be opened in the presence of the post master or one of his assistants, and if such letter should, instead of being overcharged, happen to be undercharged, the deficiency must be made up by the applicant.

The following rates of postage are charged, conformably to an act of Congress :

ON SINGLE LETTERS.

For any distance not exceeding 30 miles,.....	6 cts.
over 30 and not over 80 miles,.....	10 "
over 80 and not over 150,.....	12½ "
over 150 and not over 400 miles,.....	18½ "
over 400 miles,.....	25 "

DOUBLE LETTERS, or those composed of two pieces of paper, double those rates, and so on in proportion.

SHIP LETTERS not carried by mail, are chargeable with 6 cts.

NEWSPAPERS.—Each paper carried not over 100 miles, 1 "

over 100 and out of the state, 1½ "

PERIODICALS, MAGAZINES & PAMPHLETS are rated by the sheet. Carried not over 100 miles, per sheet,.....1½ cts.

over 100 miles,.....2½ "

NOT PERIODICALS, not over 100 miles, per sheet,.....4 "

over 100 miles,.....6 "

Newspapers to be forwarded by mail, should be enclosed in a cover, and left open at one end. If a letter or memorandum in writing, is contained in any newspaper, the person who deposits the same, forfeits Five Dollars, and the package becomes liable to letter postage.

Letters sent by mail, should be addressed to their places of destination in the clearest manner possible. A punctual attendance to this rule, may prevent *delays* and *mis carriage*.

MILLS, MANUFACTORIES, &c. AT BLACK ROCK.

There are now in operation at Black Rock, 3 Saw Mills, 1 Foundry, 3 Grist Mills, 2 Oil Mills, 1 Distillery, 1 Shingle Manufactory, 2 Coopers, 1 Factory for Dressing Cloth and Carding Wool, 1 Hat Body Manufactory, 1 Ship Yard and 1 Cabinet & Chair Manufactory.

CONTEMPLATED PERRY'S MONUMENT,

Engraved for Cary's City Directory.

THIS Monument to be erected by the citizens of Buffalo, in honor of the late COM. OLIVER HAZARD PERRY, is to be 100 feet high, surmounted by a colossal statue of Perry, fifteen feet in height. On the sides of the pedestal, which is 34 feet square, are to be sculptured reliefs representing the battle of Lake Erie, and other prominent events in the life of the hero. The whole work will be constructed of American white marble, and cost \$75,000. Its style will be Grecian.— Builders, Frazee & Launitz, of the city of New York.

The following gentlemen compose the COMMITTEE, to carry the object into effect.

STEPHEN CHAMPLIN, U. S. N., Ch'n.

EAGLE STREET THEATRE.

A BRISBANE, Proprietor,

S. B. DEAN, Treasurer.

DEAN & M'KINNEY, Lessees, and Managers.

This splendid house was opened this season, with additional new scenery, decorations, &c., together, with a new and splendid drop curtain, not surpassed by any other in the union. There are four tiers of boxes and a spacious pit, all furnished with comfortable seats. The scenery and embellishments, are of a style not excelled by any other theatre in the world. The whole is lighted by olefant gas, manufactured at an elaboratory on the Washington St. side of the main building, under the superintendence of Mr. STEPHEN B. DEAN. The managers are well known in the city, and their efforts will be mainly exerted to ensure the kindness they have always experienced from the hands of the citizens.

It will always be the aim of the managers, to engage actors who are celebrated for their talents and respectability, and produce such novelties as will merit the attention of an enlightened public. Performance every night during the season.

STEAM BOATS ON LAKE ERIE.

Navigation by the aid of steam was commenced on Lake Erie about seventeen years since. The first Steam Boat was built at Black Rock in 1818, and commenced running the same season. She bore the significant name of the *Walk-in-the-water*. The novelty of the sight, as she made her first trip through the Lake, excited a great degree of interest and curiosity among the people who lived upon the shores, especially among the native Indians, who were ignorant of the power and application of steam, and stood gazing with astonishment to see such "a thing of life" moving through the water without the aid of oars or sail.

The experiment was successful, and it was found that this lake could be navigated by steam boats in safety and to advantage.— This boat, however, was lost in 1822 in a severe storm, being driven ashore a few miles above this city and wrecked. There were about three hundred passengers on board at the time, and all escaped in safety. The navigation of the lake at that period, was far more difficult and dangerous for any craft than at present, on account of the want of harbors, and the unimproved condition of those landing places where vessels were accustomed to stop, and which have since become good harbors.

The *Superior* was built immediately after the loss of the *Walk-in-the-water*, and commenced running the same season. The engine and some other parts which were saved from the wreck, were used in the new boat, which proved to be better adapted to the lake than her predecessor. In 1827 she underwent thorough repairs and received new boilers, and continued to perform her regular trips until 1834, when she was laid aside. Her engine, being the same that was in the *Walk-in-the-water*, and the first that was put in motion on the lake, has been transferred during the past season, to a new and splendid boat, and continues to operate well after being in use 17 years.

From 1818, the time when steam navigation commenced, to 1824, there was only one steam boat upon lake Erie. Two others were added in 1824, and in 1825 three more were built. In 1826, 1829, 1830, 1831 and 1832, there was built one each year, making the whole number of steam boats on the lake at the latter date, three years ago, only TEN.

The year 1833 seems to have commenced a new era in steam boat navigation upon this lake, or at least, this kind of business was greatly enlarged. During this year not less than *twelve* new boats were put in motion upon these waters, many of them were of the first class of boats, elegantly furnished and adapted to carry a large number of passengers. The number was thus more than doubled in one season, and a better class of boats introduced. In 1834, seven new boats were added to the list, and the same number during the past season. The steam vessels now upon this lake will bear comparison with the same kind of craft upon any of the waters of the United States. The whole number which have been built

upon these waters is 40, of which five have been laid aside or lost, making the *present number of American steam boats on lake Erie, THIRTY FIVE.*

TABLE—SHOWING THE TONNAGE OF STEAM BOATS ON LAKE ERIE, THEIR AGE, NUMBER OF BERTHS, NUMBER OF HANDS EMPLOYED, &c.

De Witt Clinton,	1836									

NOTE.—Three steam boats have been wrecked and lost, viz:—The WALK-IN-THE-WATER in 1822, near Buffalo; the WASHINGTON in 1833, during her 3d trip on Point Abino; and the PIONEER in 1834, on Lake Michigan.

The present number of boats on the lake is *thirty five*: the aggregate tonnage of which is 8,000 tons. The capital now invested in this stock, exceeds ONE MILLION of dollars.

Wood.—The amount of wood consumed by a steam boat during a trip (through the lake and back,) is from 100 to 200 cords; averaging probably 150 cords. Each boat performs between 30 and 35 trips in a season, and of course consumes 5000 cords of wood. The whole amount consumed by 24 boats, the number usually engaged in regular trips through the lake, would be 120,000 cords. The smaller boats and those employed on the rivers, use probably 30,000 cords, which makes the total amount consumed, 150,000 cords.

The usual fare from this city to different ports and through the lake is as follows —

	Cabin.	Steerage,
From Buffalo to Erie,	\$4,00	\$2,00
" " " Cleveland,	6,00	2,50
" " " Detroit,	8,00	3,00

The number and denomination of vessels belonging to this Port, *Oct. 1, 1835, is as follows, viz :—13 Steam Boats, 3 Brigs, and 51 Schooners and Sloops—amounting in all to 67, and which have a tonnage of 7,500 tons. The whole number of arrivals at our port during the year 1835 was, of Steam Boats

Clearances for the same time,	720
-------------------------------	-----

Total,	1,440
--------	-------

The average tonnage of them was 280, which makes an aggregate of 403,200 tons.

The entire number of arrivals of Brigs, Schooners and Sloops for the same time was

Clearances of	do	do	do	920
---------------	----	----	----	-----

Total,	1,840
--------	-------

Average tonnage 80, amounting in all, to 147,200 tons.

Total, 560,400 tons.

This divided by 210 the number of days of navigation is equal to 2,620 tons, arriving and departing daily at this port.

The increase of enrolled and licensed tonnage belonging to this port, from 1834 to 1835, was 1681 tons. The whole increase from Oct. 1832, to Oct. 1835, was 4,633 tons.

Three have been laid aside—the SUPERIOR, the ENTERPRISE, and the HENRY CLAY.

The CAROLINE was built in New-York and brought to this lake through the Erie Canal by "shipping" her guards. Several of the small boats do not perform regular trips through the lake, but are employed on the rivers and bays. The Victory and Caroline run from Buffalo to Niagara Falls. The Gratiot, Brady and Jackson, perform regular trips from Detroit to Maumee and Monroe, and to Fort Gratiot. The Jack Downing runs from Sandusky City to Lower Sandusky.

The Mazeppa is to be propelled by two of Avery's Rotary steam engines.

There are also four British ships on the Lake, viz :—Minnesetunk, Adelaide, Thames and Pentanguishene.

*Two full rigged ships 300 tons each, have been added this season.

The whole number of clearances upon the Canal, for the year 1835, was 5,125. The increase from 1833 to 1834, was 694, and from 1834 to 1835, 1118.

The amount of tolls received in Buffalo in 1833, was \$73,813 54; in 1834, \$90,905 53; and in 1835, \$105,063 18. The tolls for the last year would have exceeded this amount, by several thousand dollars, as the collector informs us, but for a change in the mode of paying tolls upon passengers.

During the past year, there was received at Buffalo, by the Canal, of merchandise destined for the West, and out of the State of New-York

36,921,362 lbs.

And in 1834, for the same destination

34,893,489 "

Showing an increase from 1834 to 1835, of 2,117,373 "

There was received at Buffalo in 1835, upon the Canal, and destined for Buffalo and the State of New-York, west and south of our city, in merchandise

22,345,354 lbs.

And in 1834, for the same destination of

13,254,586 "

Showing an increase from 1834 to 1835, of 9,090,738 "

It will be seen that nearly two thirds of all the Merchandise received at Buffalo, on the Erie Canal, stops in Buffalo, and in the western portion of this state; and that the increase from 1834 to 1835, for this destination, is over 40 per cent.—From the best information we are able to obtain, we are satisfied that the increase of business of every description, upon the canal, to and from Buffalo, during the past year, over that of 1834, is nearly if not quite equal to 25 per cent. Our citizens alone have invested, in Steam Boats, and vessels on the Lake, and in Boats on the Canal, the sum of 778,200 dollars.

Advances were made during the past year, in Merchandise, produce, and other freight passing both east and west, to the amount of \$1,959,021,58.

The amount of our manufactures for the past year, has been equal to \$2,073,500. This includes only the various kinds of clothing, Leather, Blankets, Iron, and Hollow ware, Coaches, Harnesses, Books and Stationary, Watches and Jewelry, Cabinet ware, Looking Glasses and Burr Mill Stones.

We have ascertained that the sales of our Merchants, during the past year, including our Dry Goods, Crockery and Hardware Merchants, Grocery Dealers, and other traders not included in the list of Manufacturers, amount to \$5,748,700.—In this estimate are not included the multitude of small dealers, to be found in every part of the city.

\$1,130,000 have been expended during the same time by our citizens, in the erection of buildings, of various sizes and descriptions. A large proportion of them are stores, dwellings, and public buildings, of the first order and taste, adding beauty and permanence to our city.

YOUNG MEN'S ASSOCIATION LIBRARY—READING ROOM, &c.

The Constitution of the Young Men's Association, was adopted at a meeting of the citizens of Buffalo, held on the evening of the 22d day of February last; and on the 29th of the same month, the officers were elected and the association fully organized under the Constitution. Rooms were immediately procured, and fitted up in a proper and convenient style, and opened for the first time on Monday, the 18th of April last.

The rooms are at 175 Main street. The Library and Periodical room occupies the rear of the second floor, and the reading room the third floor. The Lecture room is very spacious including the whole of the fourth floor. Thirty six daily, ten semi-weekly, and tri-weekly, and thirty eight weekly papers are received at the reading room, and among them will be found papers from all parts of the United States, and the Canadas.

All the English Reviews and Periodicals republished in this country, the American Reviews in English and French, and generally all the American periodicals of character, are received at the Periodical room.

The Library, (considering the short time the society has been organized,) is large and well selected, comprising about nine hundred volumes, and containing many choice and valuable works.

The rooms are open (Sundays excepted,) from eight o'clock, A. M. to ten o'clock P. M., during which time, every member has free access, and can receive from and return books and periodicals to the Librarian, agreeably to the rules of the association.

Strangers are admitted free for one month, when introduced by a member, and their names entered in the visitor's register.

The Lectures will commence about the middle of October, and continue during the Fall and Winter.

COMMERCIAL BANK OF BUFFALO.

1836-1837.

CRARY'S BUFFALO CITY DIRECTORY,
FOR THE
61st Year of American Independence.

The words *street, store, office*, and the prepositions *of, at, with*, &c., are not expressed but understood—the place of business is first mentioned and residence afterwards.

ABBREVIATIONS.

h. stands for *house*—c. *corner*—bd. *board or boards*—ab. *above*—bel. *below*—bet. *between*—e. *east*—w. *west*—n. *north*—s. *south*—op. *opposite*—lab. *laborer*—cab. *cabinet*—wid. *widow*, &c. By a reference to the list of streets, on the last pages before this, the abbreviation of their names will be understood.

OBSERVATIONS.

Throughout this Directory, the christian names of those, where there are more than one of the same surname, are alphabetically arranged. The firms are always placed at the last of those of the same name: when females are known to be widows, they are so designated, and placed immediately preceding the firms in correct arrangement; and a scrupulously strict alphabetical arrangement (carefully conformable to the correct spelling of the name) is observed throughout the work.

In searching for a name, the *inquirer must know the proper spelling*—for instance, if Baley is sought, not look for *Bailey*, for *Schneider*, not look for *Snyder*—for *Schmidt*, not look for *Smith*—and *vice versa*.

NAMES AND RESIDENCE

OF THE

HEADS OF FAMILIES AND HOUSEHOLDERS,

IN THE CITY OF BUFFALO ON THE 1ST OF MAY, 1836
